PROFILE

I am an intermediate Full-Stack Web Developer with hands-on experience in building complete web applications using React, Next.js, MongoDB, and Tailwind CSS. Skilled in creating responsive and user-friendly interfaces with a focus on clean code and modern design. Continuously learning and improving to become an expert developer, with a strong passion for UI/UX and problem-solving.

WORK EXPERIENCE

Bangladesh Police

2023 - 2024

Police Information Management System (PIMS)

- Managed and maintained accurate records in the Police Information Management System (PIMS).
- Handled data entry, updates, and retrieval efficiently to support police operations.
- Collaborated with team members to ensure smooth workflow and timely completion of tasks.

Online Exam Platform

Full-Stack Web Development Project

- Developed a complete online exam platform using React, Next.js, Tailwind CSS, and MongoDB.
- Implemented features like user authentication, exam creation, real-time results, and admin dashboard.
